Annual Report of E-Governance

2022-2023

Introduction

Ananda Chandra College has always strived to implement the latest technologies in the administration of the college and to innovate in the teaching-learning process of the college. Our esteemed institution was one of the first places in North Bengal to seamlessly blend Information and Communications Tools in its day-to-day functioning. The office of the Principal and the college office have adequate number of computers with Wi-Fi connection, to ensure complete digitization in the maintenance of Finance and Accounts, Admissions, and Administration. Most of the departments either have a desktop computer, laptop and/or a projector so that the chalk-talk method of teaching is supplemented with PowerPoint presentations, film screenings, online guest lectures, etc. The Central Library of the college has been fully automated and is in the process of digitization of numerous rare and old books.

Administration

The administration of the college is done by the Principal and the college staff with the help of multiple online platforms. The college website is one such go-to location for all stake-holders of the college. This website was first developed in 2017, by a faculty of the Computer Science Department, Debraj Sarkar. The domain for the college server was purchased from GoDaddy.com, in 2017. Later, the college website was upgraded and is being maintained by Bikramaditya Bagchi, since 2021. The latest dynamic and interactive website of the college (<https://accollege.in/new/>) is regularly used by the current and prospective students of the college to access all relevant information.

All computer peripherals used in the college is regularly checked and upgraded, as part of the Annual Maintenance Contract with Computer Plaza, Jalpaiguri. During the covid period, this AMC was held with Long Leap.

The college has also installed CCTV cameras at all key nodes of the campus, to ensure complete surveillance from the Principal's office. Most classrooms are connected via an Intercomm facility with the Principal's office, to facilitate around the clock communication.

The IQAC has been fully computerized, with the latest desktop configurations and multi-functional devices, to smoothly compile and upload the AISHE, AQAR, SSR documents. All faculty and staff related data are now preserved there digitally.

The Central Library of the college is fully automated using Koha, version 22.11.03. All book lending services is done through the OPAC software. Both the students and teachers have access to computers with internet connections, for their research purposes. Links to all the question papers of previous years are made available in the form of QR codes, displayed on a standee in the library. The college subscribes to online databases of e-books and e-journals like INFLIBNET-NLIST and DELNET. The college library can be accessed from anywhere by clicking on <https://infohub.accollege.in/portal/central-library/>

Finance and Accounts

The salary and other financial matters of the teaching and non-teaching staff of the college are administered through the HRMS module

<https://www.wbifms.gov.in/cas/login?service=http%3A%2F%2Fwww.wbifms.gov.in%2Fifms%2Flogin.html>)

of the WBFIMS portal of the Department of Finance, Government of West Bengal. Tax-related procedures are executed digitally by the college office, under the able supervision of the College Accountant.

All purchase related inventories are maintained using a licensed version of Tally.

Only cashless transactions prevail in the institution. All financial transactions between the University of North Bengal and the College happens via the bank, in the e-banking mode.

Student Admission and Support

Following the guidance of the Department of Higher Education, Government of West Bengal, the admission procedure of both undergraduate and postgraduate students is complete in the online mode. Submission of application forms, publication of merit lists, selection of students and deposition

of admission fee are done online. The admission portal (<https://accadmission.net/>) used by the college since 2017, has been designed and developed by Skill Hut.

The student-related data collected by the admission portal, is made available to the College Office. During the preparation of attendance rolls, admission to each semester, filling of examination forms and marks foils for evaluation, the College Office analyzes, sorts and makes available this data to the respective departments.

Examination

Tabulation and Framing of the internal marks of the University examination are done by individual departments digitally, using their desktop or laptop, using the high-speed internet connection available in College. The College Office oversees and assists in the entire process. These marks are then uploaded on the examination portal (<https://www.nbuexams.net/>) of the University of North Bengal. In those compulsory courses which require the evaluation of all Arts and/or Science students, the internal evaluations are conducted using online platforms like Google Forms and Google Classrooms. Students can also access question papers of internal evaluations of previous semesters from the college website (<https://accollege.in/new/internals-question-paper/#>).
