15. Multidisciplinary / interdisciplinary	
<p>The institution since its inception has been known for imparting holistic education to the students by emphasizing the ecological, physical, social, moral values and life skills for self-development. Along with this, the institution has also incorporated multidisciplinary approach into its teaching-</p>	

learning dynamics and with the circulation of the FYGUP syllabus by the affiliating university, modulation in the perception and preparations for further inclusions in the existing curriculum were discussed. Certain innovative approaches were also adopted in order to encourage students to develop a comprehensive understanding of various disciplines. An add-on course, 'Drama-in-Practice', was provided to the students of the institution, irrespective of their departmental affiliation by the Department of English and Bengal in collaboration with IQAC, Ananda Chandra College. The course was jointly convened by Prof. Samik Dasgupta and Prof. Ranjana Bhattacharjee and was held between 5th April, 2023 and 12th May, 2023. To develop multidisciplinary perception in the students of the institution a lecture series 'Café Lit Theory' was also provided between 18th March, 2023 and 27th May, 2023. The lectures were coordinated and delivered by Prof. Samik Dasgupta and students from English, Bengali, History, Political Science and B.Sc. Programme, attended these classes.

16.Academic bank of credits (ABC):

The affiliating university of the college has circulated information in context of Academic Bank of Credits. The institution has also taken the necessary initiatives and a notice informing the students about the same was posted on 15th March, 2023, and necessary information was disseminated amongst the students.

17.Skill development:

Skill development has been practiced in the institution as a part of the curriculum. The existing CBCS curriculum through the SEC (Skill Enhancement Course) paper has made provisions for skill development. Through these papers the students are trained in soft and technical skills like academic writing, proof reading, apiculture, sericulture, preparation of pharmaceutical drugs (Aspirin, Antacid) etc. which are necessary for various professions. As a part of the add-on course of Drama-in-Practice students were trained in theatrical skills and they presented three productions displaying their newly learned skills. The members of Pen Poems had also been continuously trained in creative writing from the previous session onwards, and they were invited to perform in 'Mongol Sandhya' organized by 'Dyotona' on 23rd April, 2023. Fourteen members of the group presented their poems in the event. The institution also has plans of conducting more skill enhancement courses and workshops in the near future.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The teaching-learning in the Departments other than English, happens in bilingual mode. In the Department of English though the lectures or instructions are delivered in English, but the study materials are provided in many cases in Bengali as well along with English. The Department of English in the 6th Semester also provides a paper titled 'Indian Literature in English Translation'. As a part of this course, students are encouraged to read the original source text. The institution also has a Bengali and a Sanskrit department where the faculties not only impart curriculum based education but also dedicate themselves in the developing of linguistic consciousness as a necessary element of cultural consciousness. The Bengali Department every year, observes 21st February as 'Bhasha Dibas' as a part of the mentioned practice. Cultural and traditional festivals, like Saraswati Puja, Basanta Utsab, Rabindra Jayanti are celebrated. Days of National significance like Independence Day, Netaji's Birthday, Republic Day, are also observed to instil in the students patriotism and national consciousness. In the session a Christmas Carnival was also organized by the Department of English where the students' were encouraged to help the poor and the needy of the neighbouring areas through a 'Secret Santa Programme'. Clothes, blankets and cakes were distributed as a part of the programme.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

For optimization of the teaching-learning process, the institution focusses on Outcome based education (OBE). Education is imparted following the syllabus set by the University of North Bengal, but the faculties are given full freedom to construct their teaching module based on the objective of the concerned paper and also in their choice of evaluation method. Depending on the course demands and students' grasping ability, viva, group discussion, open book evaluation, project work, theme-based presentation etc. are used for internal evaluation along with the traditional methods. Summative evaluation is also practiced so as to trace the development of the students.

20.Distance education/online education:

The college has served as a Study Centre of the N.S.O.U. and Burdwan University and the faculties of the institution are associated with these two study centres. They deliver lectures and participate in examination of answer scripts and also with dissemination of other teaching-learning related information in both online and offline mode. So it can be said that the faculties are already exposed to the distance education

methodologies. Moreover blended learning methods are used as and when necessary by the faculties. Google forms and Google classroom are regularly used in teaching-learning and evaluation related processes. Students are also informed and encouraged to use online resources. The institution also has active INFLIBNET registration and the resources are used equally by students and faculties.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The college has a clear plan for delivering the curriculum provided by the University of North Bengal, following the Choice Based Credit System (CBCS). They collaborate with departments to create an Academic Calendar and distribute syllabus and course components among faculty based on their expertise. Faculty employ various teaching methods such as lectures, question banks, PowerPoint presentations, and hands-on activities to focus on Outcome Based Education. Additionally, they utilize model-based learning, group discussions, seminars, and excursions to enhance skill development. Regular interaction between teachers and

students ensures effective course delivery, with special attention given to students who need additional support or challenge. The college is also fostering collaborations with other institutions through memorandums of understanding and implementing faculty exchange programs to enrich curriculum delivery.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The institution crafted its academic calendar for the 2022-2023 session, following with the guidelines set forth by the University of North Bengal while adjusting them to suit the institution's specific requirements. This calendar served as the basis for organizing all academic, co-curricular, and evaluative activities for the year. Embracing the semester system, the institution recognized the need for continuous assessment due to the shortened time frame between classes and examinations. To facilitate continuous evaluation, faculty members employed a variety of traditional methods such as question-answer sessions, classroom brainstorming, group discussions, project works, and practical exercises. Some departments supplemented these with periodic practice tests, both oral and written, to gauge students' progress. Additionally, field and industry visits were incorporated into the curriculum to provide real-world exposure and evaluation opportunities. Furthermore, student seminars were conducted across departments to inculcate self-confidence and foster intellectual growth. These seminars not only provided a platform for students to showcase their knowledge but also encouraged critical thinking and public speaking skills. The culmination of each semester followed the prescribed academic calendar, with formal internal examinations administered by all departments. These examinations assessed students' comprehensive understanding of the concepts and courses covered throughout the semester, ensuring a robust evaluation process aligned with academic standards. Overall, the institution's approach to academic scheduling and evaluation for the 2022-2023 session prioritized continuous learning, practical application, and comprehensive assessment to nurture well-rounded individuals equipped for success in their chosen fields.

Our institution, affiliated with the University of North Bengal, follows the university's curriculum for undergraduate programs, including Honours and Programme subjects. This curriculum integrates Professional Ethics, Gender, Human Values, Environment, and Sustainability across various disciplines such as Language, Commerce, Economics, Mathematics, Science, Humanities, and Transdisciplinary subjects. Additionally, students are required to take a mandatory course on Environmental Studies in their first year. Faculty members prioritize teaching these themes in a local context, fostering students' responsibility, adaptability, and

commitment to addressing global and local issues. This approach aims to cultivate better human beings who are mindful of basic human values and contribute positively to society.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The students of Ananda Chandra College came from different socio-economic backgrounds. As such, many of them lacked the right approach to cope with higher studies. Thus, all departments sincerely assessed the learning levels of the students taking the above parameters in consideration and groom the students to enhance their capacity building. After few initial lectures, the mentors were able to identify the slow-learners and advanced-learners in the batch. While categorizing them into these categories, their marks in higher secondary and earlier semesters were also considered. Emphasis was also put on their performances in continuing evaluation. Respective departments decided upon the cut-off marks for identifying the slow learners.

Extra efforts given to slow learners were as follows:

1. Identification of weak areas and special doubt-clearing classes;
2. Motivational sessions;
3. Interactive sessions on a regular basis through quiz sessions, teaching-learning by role-play, etc.
4. Monitoring attendance of slow-learners.

Those students having exceptional ability to learn beyond their same-age peers were identified as advanced learners. They were encouraged to do the followings:

1. To attend the advanced classes on a particular topic.
2. To take flip-classes in front of other classmates.
3. To learn other courses

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The regularization of offline classes after Covid pandemic gave an impetus to the Departments to use various methodologies for enhancing learning experiences of the students. These include among others:

1. Interactive methods, such as, group discussion, subject quiz, mini project preparations, seminar presentations, etc.

2. Besides academics, the students were encouraged for involvement in social activities as part of experiential and participative learning, such as, tree plantation and preservation drive, health and blood donation camps, clean campus drives, youth parliament competitions, local crafts fair, visit to the Medicinal plant Garden and rainwater harvesting plant of the college, etc.

3. The students were given hands on training on laboratory experiments as part of experiential learning. Besides, these also

included showing videos, online lectures, screening of films, field visits, exhibitions and quiz on theory topics etc.

4. Many departments like Botany, Economics, History, Physiology etc. published wall magazines on topics of public importance to enhance the participatory learning skills.

5. Computer labs of the College help students get accustomed for with modern ICT techniques.

6. Problem Solving Methods include problems given to the students from the area of their study and are asked to solve them in groups, using college resources.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

COVID-19 pandemic and the consequential lockdown period was definitely a setback for classroom teaching but it substantially encouraged the use of ICT enabled tools as an effective teaching-learning process. As such, re-commencement of offline classes saw increased use of ICT enabled tools for lecture purposes. Classes through power point presentations became the norm for most departments, in particular, Computer based laboratory departments like Computer Science, Economics, Geography, Mathematics, Physics and Zoology. Besides, learning experiences of students got enhanced through regular relevant video clippings, online lectures and screening of films etc. Teachers also used platforms like Google Meet, Google Classroom, Zoom, etc. as part of blended form of teaching-learning.

The College feels proud to have a Computer Centre as well as a 'Browsing Centre' in the Central Library. These immensely facilitated the students in their pursuit of higher studies. Every Department has a LCD Projector of their own as well as Laptop/Desktop for their use during class lectures. Teachers combine use of ICT enabled tools along with conventional method of 'chalk and talk' as part of teaching-learning processes.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

There is a Grievance Cell to address any grievance related to the internal examination. Students can report their concerns regarding the transparency of the marking system, if any. It is the responsibility of the Cell to communicate the grievances to the department concerned. A rectification is made after receiving the complaints. In those rare cases wherein, a common ground cannot be reached, retests are conducted to give the students an opportunity to improve their score and the evaluation of the same is done by the Head of the Department. Opportunity to appear in re-test is given to the absentees or those with low marks. The answer scripts are retained in the departments safely for at least a year in anticipation of the issues that may arise in the future. The application for retest should be submitted by the students stating the reason for being absent. The application should be signed by the parent/ guardian and countersigned by class teacher / Head of the department. Through such systematic planning and feedback

system, the College ensures transparent, time bound and efficient mechanism to solve the grievances related to internal examination.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

It is no overstating the fact that comprehension and application of program and course outcome is the basis of effective teaching-learning process. Focused on outcome-based education, the institution is specific in the preparation and timely amendment of Programme and Course Outcomes for all Programmes offered by the institution. The teachers and students are made aware of the same through a well-knit mechanism. The Programme and Course Outcomes are stated and displayed on website and communicated to teachers and students department wise. The display of outcomes helps teachers and students internalize the purpose and process of teaching-learning. The Course outcomes are disseminated to students through faculty announcements during the beginning of each semester and from time to time during the entire semester. The teachers adopt teaching methods so as to enable the course outcome envisaged by the affiliating University.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Programme and Programme Specific Outcome attainment evaluation was done based on the attainment of cognitive levels of course

outcomes with POs and PSOs. Through different methods like internal examinations, assignments, competitions and other activities at college and department level, the achievement of Programme outcome and course outcome is ensured and assessed with defined benchmarks.

The College took care of the attainment to measure the POs, PSOs and COs and implemented the mechanism as follows: -

1. An Academic Calendar was prepared by the College as per the academic calendar of the affiliating University.
2. All the subject teachers maintained an Academic Diary every academic year.
3. All the subject teachers prepared evaluation Reports.
4. Internal examination committee analyzed the evaluation reports of results.
5. Attainment of PO, PSO and CO was evaluated through Feedback from the Stakeholders.
6. Students' Progression to Higher Studies and their Placement was reviewed by the Academic Committee of the Institution.

The Governing Body decides upon allocation of annual laboratory development and field survey grants, (including contingency grants) to different departments of the college-

1. Five Thousand Rupees, apart from Book Grants, to each arts department
2. Journal Grant of 1000-1500 Rupees to each department, as decided by the Library Committee meeting. Each department gets to choose the UGC-CARE enlisted journal which it chooses to subscribe.

These amounts are revised each year, depending on the utilization of allocated funds.

Repairs undertaken to maintain the infrastructure of the science departments.

GPF was provided to all teaching and non-teaching employees of the college.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

1. The IQAC, in collaboration with other departments of the College, has organized some events, which brought the college community together and paved the way for more student participation, inside and outside the classrooms. These include-

i) A workshop for students (Ananda Mela) where they prepared stalls, decorated and presented and sold their hand- made artwork.

ii) Two Add-On Courses 'Drama in Practice' (jointly organised by English and Bengali Departments) and 'Translating Provincial North ' (by English Department) for skill development of students.

iii) Extension and outreach programmes (organised by Education Department)

2. The College entered into MoU with other colleges for faculty exchange programmes and collaborative research.

3. Various gender sensitization processes were undertaken through cultural programmes.

4. A fully featured, scalable library management system, KOHA has been introduced.

5. External Academic and Administrative audit has been done for 2022-23.

6. Consolidated Green and Energy Audits for 2021-22 and 2022-23 have been done.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The IQAC has come up with a balanced feedback form, for the performance appraisal of the Teaching staff, through multiple meetings over the teaching-learning process, structures and methodologies of operations as well as learning outcomes. These feedback forms were filled by the outgoing batch of 2022 and the information duly preserved by the IQAC. The IQAC also conducts Student Satisfaction Survey with on roll students to review teaching -learning and evaluation process. The IQAC then shared the results of these feedback forms with the respective departments, who in turn held meetings with all concerned faculty members to review the teaching-learning processes. External Academic and Administrative audit has been done for 2022-23 to review the teaching-learning process of the college.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

1.Holistic Development of Students through Extra-curricular Activities

The objective of extracurricular activities is to offer opportunities for students to learn the values of teamwork, individual and group responsibility, competition, diversity, and a sense of culture and community. The college has a range of clubs, including the Drama Club, Film Club, Book Reading Club, and Eco Club, which foster communication, creativity, critical thinking, and environmental awareness among students. Active participation in sports activities promotes physical fitness and also instills values of teamwork, discipline, and sportsmanship,

2.Initiatives For Supporting and Encouraging Students

The Objectives include teaching, learning, and student enrollment using student friendly methods. It also involves integrating technology and online methods into education. The college employs a diverse range of teaching techniques to enhance student learning.

In addition to utilizing visual aids like PowerPoint presentations, innovative methods such as outdoor classes, supplementary courses, and movie screenings are also integrated into the curriculum. The college Library maintains an active Facebook page to keep students informed about updates, notices, and available learning resources. The library underwent a restoring of old books to ensure their longevity and continued relevance for students and researchers.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

Ananda Chandra College, a centre of learning and culture in northern part of West Bengal has been showing distinctiveness in various fields.

Firstly, almost since inception of the institute faculty members were involved in diligent research activities along with efficient teaching.

Secondly, the institution witnessed different cultural activities as the culmination of combined efforts of the students, teachers and non - teaching staff of the college.

Thirdly, in the arena of sports the students of this college have excelled too. Recently, in 2022 Priya Ghosh, a student of this college won gold and silver medals respectively in Yoga World Cup and International Yoga Championship held in Nepal.

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The college has a clear plan for delivering the curriculum provided by the University of North Bengal, following the Choice Based Credit System (CBCS). They collaborate with departments to create an Academic Calendar and distribute syllabus and course components among faculty based on their expertise. Faculty employ various teaching methods such as lectures, question banks, PowerPoint presentations, and hands-on activities to focus on Outcome Based Education. Additionally, they utilize model-based learning, group discussions, seminars, and excursions to enhance skill development. Regular interaction between teachers and students ensures effective course delivery, with special attention given to students who need additional support or challenge. The college is also fostering collaborations with other institutions through memorandums of understanding and implementing faculty exchange programs to enrich curriculum delivery.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The institution crafted its academic calendar for the 2022-2023 session, following with the guidelines set forth by the University of North Bengal while adjusting them to suit the institution's specific requirements. This calendar served as the basis for organizing all academic, co-curricular, and evaluative activities for the year. Embracing the semester system, the institution recognized the need for continuous assessment due to the shortened time frame between classes and examinations. To facilitate continuous evaluation, faculty members employed a variety of traditional methods such as

question-answer sessions, classroom brainstorming, group discussions, project works, and practical exercises. Some departments supplemented these with periodic practice tests, both oral and written, to gauge students' progress. Additionally, field and industry visits were incorporated into the curriculum to provide real-world exposure and evaluation opportunities. Furthermore, student seminars were conducted across departments to inculcate self-confidence and foster intellectual growth. These seminars not only provided a platform for students to showcase their knowledge but also encouraged critical thinking and public speaking skills. The culmination of each semester followed the prescribed academic calendar, with formal internal examinations administered by all departments. These examinations assessed students' comprehensive understanding of the concepts and courses covered throughout the semester, ensuring a robust evaluation process aligned with academic standards. Overall, the institution's approach to academic scheduling and evaluation for the 2022-2023 session prioritized continuous learning, practical application, and comprehensive assessment to nurture well-rounded individuals equipped for success in their chosen fields.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The students of Ananda Chandra College came from different socio-economic backgrounds. As such, many of them lacked the right approach to cope with higher studies. Thus, all departments sincerely assessed the learning levels of the students taking the above parameters in consideration and groom the students to enhance their capacity building. After few initial lectures, the mentors were able to identify the slow-learners and advanced-learners in the batch. While categorizing them into these categories, their marks in higher secondary and earlier semesters were also considered. Emphasis was also put on their performances in continuing evaluation. Respective departments decided upon the cut-off marks for identifying the slow learners.

Extra efforts given to slow learners were as follows:

1. Identification of weak areas and special doubt-clearing classes;
2. Motivational sessions;
3. Interactive sessions on a regular basis through quiz sessions, teaching-learning by role-play, etc.
4. Monitoring attendance of slow-learners.

Those students having exceptional ability to learn beyond their same-age peers were identified as advanced learners. They were encouraged to do the followings:

1. To attend the advanced classes on a particular topic.
2. To take flip-classes in front of other classmates.
3. To learn other courses

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The regularization of offline classes after Covid pandemic gave an impetus to the Departments to use various methodologies for enhancing learning experiences of the students. These include among others:

1. Interactive methods, such as, group discussion, subject quiz, mini project preparations, seminar presentations, etc.

2. Besides academics, the students were encouraged for involvement in social activities as part of experiential and participative learning, such as, tree plantation and preservation drive, health and blood donation camps, clean campus drives, youth parliament competitions, local crafts fair, visit to the Medicinal plant Garden and rainwater harvesting plant of the college, etc.

3. The students were given hands on training on laboratory experiments as part of experiential learning. Besides, these also included showing videos, online lectures, screening of films, field visits, exhibitions and quiz on theory topics etc.

4. Many departments like Botany, Economics, History, Physiology etc. published wall magazines on topics of public importance to enhance the participatory learning skills.

5. Computer labs of the College help students get accustomed for with modern ICT techniques.

6. Problem Solving Methods include problems given to the students from the area of their study and are asked to solve them in groups, using college resources.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

COVID-19 pandemic and the consequential lockdown period was definitely a setback for classroom teaching but it substantially encouraged the use of ICT enabled tools as an effective teaching-learning process. As such, re-commencement of offline classes saw increased use of ICT enabled tools for lecture purposes. Classes through power point presentations became the norm for most departments, in particular, Computer based laboratory departments like Computer Science, Economics, Geography, Mathematics, Physics and Zoology. Besides, learning experiences of students got enhanced through regular relevant video clippings, online lectures and screening of films etc. Teachers also used platforms like Google Meet, Google Classroom, Zoom, etc. as part of blended form of teaching-learning.

The College feels proud to have a Computer Centre as well as a 'Browsing Centre' in the Central Library. These immensely facilitated the students in their pursuit of higher studies. Every Department has a LCD Projector of their own as well as Laptop/Desktop for their use during class lectures. Teachers combine use of ICT enabled tools along with conventional method of 'chalk and talk' as part of teaching-learning processes.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The college has implemented its continuous evaluation mechanism in accordance with University guidelines.

1 The students were made aware regarding internal assessment at the beginning of the session.

2. The assessment of a student was done on the basis of attendance, assignments, seminars, question-answer sessions and written examinations.

3. In order to maintain transparency and to cater to evaluation related grievances, the overall evaluation process got regulated by an Internal Examination Committee comprising of a coordinator and members.

4. Each student was provided with feedback by highlighting his/her strength and weaknesses. The students who require

5. Remedial classes were provided to the needy students.

6. The college prospectus and the website provide an in depth insight about the evaluation process. The dates of the internal examination are published in the college website, college notice boards as well as notified in departmental notice boards.

6. The departments hold the responsibility for the evaluation of various components of the assessment process. The syllabus of the examination is published well in advance. Teachers evaluate answer scripts within stipulated time.

The college ensures that all students get an equal and fair chance of performance.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

There is a Grievance Cell to address any grievance related to the internal examination. Students can report their concerns regarding the transparency of the marking system, if any. It is the responsibility of the Cell to communicate the grievances to the department concerned. A rectification is made after receiving the complaints. In those rare cases wherein, a common ground cannot be reached, retests are conducted to give the students an opportunity to improve their score and the evaluation of the same is done by the Head of the Department. Opportunity to appear in re-test is given to the absentees or those with low marks. The answer scripts are retained in the departments safely for at least a year in anticipation of the issues that may arise in the future. The application for retest should be submitted by the students stating the reason for being absent. The application should be signed by the parent/guardian and countersigned by class teacher / Head of the department. Through such systematic planning and feedback

system, the College ensures transparent, time bound and efficient mechanism to solve the grievances related to internal examination.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

It is no overstating the fact that comprehension and application of program and course outcome is the basis of effective teaching-learning process. Focused on outcome-based education, the institution is specific in the preparation and timely amendment of Programme and Course Outcomes for all Programmes offered by the institution. The teachers and students are made aware of the same through a well-knit mechanism. The Programme and Course Outcomes are stated and displayed on website and communicated to teachers and students department wise. The display of outcomes helps teachers and students internalize the purpose and process of teaching-learning. The Course outcomes are disseminated to students through faculty announcements during the beginning of each semester and from time to time during the entire semester. The teachers adopt teaching methods so as to enable the course outcome envisaged by the affiliating University.

institution.

Programme and Programme Specific Outcome attainment evaluation was done based on the attainment of cognitive levels of course outcomes with POs and PSOs. Through different methods like internal examinations, assignments, competitions and other activities at college and department level, the achievement of Programme outcome and course outcome is ensured and assessed with defined benchmarks.

The College took care of the attainment to measure the POs, PSOs and COs and implemented the mechanism as follows: -

1. An Academic Calendar was prepared by the College as per the academic calendar of the affiliating University.
2. All the subject teachers maintained an Academic Diary every academic year.
3. All the subject teachers prepared evaluation Reports.
4. Internal examination committee analyzed the evaluation reports of results.
5. Attainment of PO, PSO and CO was evaluated through Feedback from the Stakeholders.
