## PRINCIPAL'S MESSAGE

*“Education is not the filling of a pail, but the lightening of a fire.”*

*W.B. Yeats*

It is so true that education is the manifestation and the most cherished possession of a person that drives him towards enlightenment from the confines of ignorance and darkness. The quintessential role of education is to enkindle/ ignite the spark of knowledge with rational, righteous and scientific thoughts in a human being which eventually leads him to perfection. Education also plays a pivotal role in ameliorating the living standards of a nation and its demography. If education acts as the driving force for both individual and collective enlightenment, its institutions serve the purpose of the body to its soul. With such visionary zeal, Ananda Chandra College began its journey in 1942 and has been constantly thriving so well to have claimed as one of the premier institutions in entire North Bengal, thanks to the people involved in academic and non-academic space for showing their perseverance and dedication to make the college a centre for excellence.

Situated in the northern fringes of the state of West Bengal with economically backward, marginalized, deprived sections; the people mainly belong to SC and ST communities from the tea land residing in the cultural periphery, Ananda Chandra College has accepted the challenge and responded equally to create a democratic space of opportunity, equity and dignity among the students. I take delight in the academic success of our students. Over the years our college has produced many individuals who are highly acclaimed both in the country and abroad.

This college has been long associated in the collective memory of Jalpaiguri not only for its academic excellence but also for imparting holistic education to the students by emphasizing the ecological, physical, social, moral values and life skills for self-development. To meet the ever-rising expectation of the students, parents and society at large we are committed to strive even harder. A wide array of services such as cadets of NCC Battalions, NSS Units, Physical Education, Games and Sports, Career Counselling Cell, Anti-Ragging Squad, Women's Cells for Women empowerment,

---

Grievance Redressal Cell, Student Aid Funds and many more have been introduced for the multi-faceted developments of our students. The constant guidance and encouragement of the Governing Body advocate for successful implementation of the vision and mission of the College with a systematic approach, commitment and dedication by the faculty and non-teaching staff, cooperation of parents and the hard work of students, together have branded the college as an esteemed and academically rich institute. Even in this Covid-19 pandemic, we are taking recourse to various online and digital spaces to make the teaching-learning process more engaging.

Finally, it can be said that introduction of the college prospectus is always emblematic of setting the road map for a progressive futuristic outlook aiming at a quality education. It also includes detailed information of courses offered, fee structure, general rules and eligibility criteria, and so on. So, all should read this document carefully once you join here. Being the principal, I heartily welcome you all to this prestigious institution.

Last but not least I express my sincere gratitude and appreciation to all the members of the Prospectus Committee who have completed the task in a very short time with their hard work.

The journey towards excellence continues...

Wishing you the very best

Principal,

A.C. College, Jalpaiguri

## JOURNEY OF ANANDA CHANDRA COLLEGE

The foundation of 'Ananda Chandra College' was laid in 1942. It was the year with the turmoil of the Second World War and the Quit India Movement. Late Debendra Kumar Chandra and Late Tarani Mohan Chakraborty were the heart and soul behind this endeavour. The financial magnanimity of Late Nalini Kanta Rahut helped to fulfil this. Yet, the dream did not come true without hurdles. Calcutta University granted the affiliation in May 1942 to start I.A. (Intermediate in Arts) in seven subjects and I. Sc. (Intermediate in Science) in Mathematics. The classes began on the 1st day of October 1942 with 62 students in a small building. The building was on land donated by the Rahut family in the Race Course area. Undergraduate courses started in the college from 1945-46 session.

**Late Ananda Chandra Rahut**

On 7th June 1956, the then Governor of the State of West Bengal, Honourable Late Dr H.C. Mukherjee laid the first stone of the new building of the college at the present location. The college got shifted in its new premises in July 1959. The college came under the Government Sponsored Scheme from session 1956-57. It received recognition by the University Grants Commission under category 2(f) and 12(B) of the UGC Act in April 1956. It secured us the eligibility for getting generous financial help. After being affiliated with Calcutta University for a long twenty years, it got affiliated with the newly established University of North Bengal in 1962. After incessant perseverance, dedication and hard work by the Principals, teaching staff, administrative staff and the students alike, the college secured B++ Accreditation (First Cycle) by National Assessment and Accreditation Council (NAAC) on 16.09.2004.

**Dr, H.C. Mukherjee, Governor of West Bengal going to lay the Foundation Stone of the college accompanied by I.B. Majumdar, Principal; Kamini Kanta Rahut, Secretary; and B.R. Ghosh, Vice-President**

---

This college accommodates nearly four thousand students. It is running 20 academic departments, comprising 9 Science subjects and 11 Humanities and Social Sciences. Besides, it also offers self-financed courses in Microbiology (B.Sc.), Mass Communication & journalism (B.A.) and Bengali (PG). The college also has study centres of Netaji Subhas Open University (NSOU) and Burdwan University (Distance Education Mode). These cater to those students who cannot get admission in the regular courses.

One cannot forget the contributions of the non-teaching staff and the ministerial staff of the college in its uplift. They have proved themselves to be the backbone and vital support for enriching the intellectual excellence of the college. The success of the college mentioned above is our strength despite certain infrastructural and personnel limitations. Despite this, we have ample opportunities to improve upon it.

Finally, we remember and dedicate this effort to all those who were once a part of this college but are no more with us. May all their souls rest in peace.
